Portfolio: Devaraj | Portfolio | Location: Bengaluru, India

### PROFESSIONAL SUMMARY

---

Motivated **MCA graduate** with a strong foundation in **software development and full-stack web technologies**. Skilled in building end-to-end applications using **Java (Spring Boot)** and **Node.js/Express.js** for backend services, and **React.js** for responsive user interfaces. Hands-on experience with **RESTful APIs, databases (MongoDB/MySQL)** and **Git-based version control** through academic and personal projects. Familiar with the **Software Development Life Cycle (SDLC)** and eager to apply problem-solving skills to develop **scalable, maintainable software solutions** as an entry-level SDE.

### TECHNICAL SKILLS:

---

- **Programming Languages:** Java, Python, JavaScript, C++.
- **Web Technologies & Frameworks:** Node.js, Express.js, React.js, Spring Boot, HTML5, CSS3, Tailwind CSS.
- **Databases & Cloud:** MySQL, MongoDB, AWS (EC2, S3).
- **Tools & DevOps:** Git, GitHub, Docker, Postman, VS Code.
- **Core Concepts:** Software Development Life Cycle (SDLC), Agile Methodology, API Testing, Unit Testing, Object-Oriented Programming (OOP), Data Structures & Algorithms.

### EXPERIENCE:

---

**Full Stack Developer Intern** | Koharent Global Technologies Pvt Ltd, Bengaluru | Jul 2025 – Sep 2025

- **Frontend Optimization:** Developed and optimized reusable React components, improving the modularity of the codebase and reducing UI rendering time.
- **Responsive UI Development:** Translated Figma designs into pixel-perfect, responsive web pages using React.js and Tailwind CSS.
- **Authentication Flow:** Implemented secure user-onboarding modules using JWT-based authentication and integrated them with frontend state management.
- **API Integration:** Collaborated with the backend team to consume RESTful APIs, ensuring seamless data flow and error handling on the client side.

### Education:

---

**Master of Computer Applications (MCA) | CGPA:8.6 |** 2023-2025

Community Institute of Management Studies, Bengaluru

**Bachelor of Computer Applications (BCA) | CGPA: 8.3 |** 2020-2023

VidyaVahini First Grade College, Tumkur

**Pre-University Course (PUC) | 89% |** 2018-2020

Vivekananda PU College, Turuvekere

**Secondary School Leaving Certificate (SSLC) |** 2017-2018

Shri Ghanamateshwar International Public School, Bijapur

## PROJECTS:

---

### CareerGuideX – Career Guidance & Analytics Platform

*Technologies: React.js, Node.js, MongoDB, Express.js, Tailwind CSS*

- **Strategic Design:** Developed an analytical platform to help users explore job roles and skills through a personalized recommendation engine.
- **User Experience (UX):** Designed a modern, responsive UI with **dark and light mode** support, ensuring high availability and accessibility.
- **Technical Logic:** Implemented backend logic for personalized career suggestions based on user-inputted skill sets and career goals.

### NammaRide – Real-Time Ride Sharing Application

*Technologies: React.js, Node.js, Socket.io, JWT, MongoDB, Tailwind CSS*

- **Real-Time Architecture:** Engineered a scalable application connecting riders with captains using **Socket.io** for live, low-latency requests and confirmations.
- **Security & Monitoring:** Built secure JWT authentication and OTP-based ride confirmation to ensure user safety and data integrity.

### Foodie – Online Food Ordering Web Platform

*Technologies: React.js, Node.js, MongoDB, Express.js, Tailwind CSS*

- **Component Architecture:** Developed a modular frontend architecture to handle restaurant listings, dynamic menus, and complex cart logic.
- **Responsive Design:** Engineered a mobile-first web layout ensuring a seamless ordering experience across desktops, tablets, and smartphones.

### AI Chat – Full Stack AI Chat web Application

*Technologies: Java, Spring Boot, MySQL, React, Tailwind CSS, AI Integration*

- **AI Interaction:** Developed an AI-powered chat application enabling **real-time conversational** responses with intelligent request handling.
- **Backend Architecture:** Built secure **REST APIs using Spring Boot** with JWT-based authentication for user registration, login, and protected endpoints.
- **User Experience:** Designed a fully responsive chat interface with smooth animations, auto-growing input, and multi-media message support.

## CERTIFICATIONS

---

- **AI Skills Passport** — EY & Microsoft (2025)
- **Data Analytics Job Simulation** — Deloitte (2025)
- **Cyber Security Job Simulation** — Deloitte (2025)
- **AWS S3 Basics** — Coursera (2023)
- **Web Fundamentals with JavaScript** — Infosys (2023)

## ADDITIONAL INFORMATION

---

- **Languages:** English (Fluent), Hindi (Proficient), Kannada (Native).
- **Interpersonal Skills:** Excellent written and verbal communication, team-oriented mindset, and quick learner.
